

R Sound Winter Practice Cards

Let's turn winter into a wonderland of fun R sound practice! Below, you'll find 12 chilly and cheerful winter and valentines themed words. Cut out the words to make flashcards or use them in your own game to keep learning fun!

Reminder on **how to produce the R sound**: Pull your tongue back slightly without touching the roof of your mouth. Round your lips a little, smile, and let the sound flow smoothly! Lets warm up with a few "Purrrr's and Grrrrr's". Once you've got it down - jump right in!
